## Protective Accessories

### Sensor Protective Sleeve for SRV-X1-34N

#### Description:

This is a protective sleeve for the X1-34N probe variant of SRV inline viscometer. The protective sleeve uses 4 M3 set screws to attach the sleeve to the probe's 16 mm diameter section. The purpose of the sleeve is to protect the sensing element from potential collisions with external elements during installation or manual cleaning. This sleeve is ideal for applications where viscosity is low, or where fluid transfer is high, ensuring there is a low risk of plugging around the sensing element.

#### Specifications:

Sensor Connection	Set screw M3x3 mm (x4)
Article Number	27330B
Material	316L

#### Related Products:

Sensor	SRV-X1-34N
Bolts	Set screw M3x3mm
